

# **LOOKING FOR RELIGION**

1981 © 2022 Roger Lienke

## **Verse 1**

In the desperate hours when it's winding down  
There's a look of sadness on the face of the town  
And a whole lot of people still running around  
Looking for religion

## **Verse 2**

Little piece of heaven – spot of hallowed ground  
Someone to hold who won't hold you down  
I met eight million people at the lost and found  
Looking for religion

## **Chorus**

Oh, oh no – haven't you heard  
Love is the word  
Oh, oh no – haven't you heard  
Love is the word

## **Verse 3**

In my heart of hearts – in my soul of souls  
Is the sweet taste of freedom that my mind controls  
I read back through the pages as the story unfolds  
Looking for religion

## **(Chorus)**
