

# **NOBODY TOUCHES ME (LIKE YOU)**

## **Chorus 1**

Nobody touches me like you touch me  
Nobody kisses me like you kiss me  
I only know that this is so  
Nobody touches me like you

## **Verse 1**

Green is my color  
And black was my heart  
Until you discovered  
The deepest part  
A dream came true for me  
When you gave you to me

## **Bridge**

Keep on doing it  
Please don't stop  
My blood pressure's rising – my stomach's dropped  
My breath's in a wheeze  
With my head "tween my knees  
Looking back at my toes  
Feeling indisposed

## **Chorus 2**

Nobody touches me like you touch me  
Nobody kisses me like you kiss me  
I only know that this is so  
Nobody touches me like you  
Nobody touches me like you  
Nobody touches me like you
