

# **THE ANNIVERSARY SONG**

2019 © 2022 Roger Lienke

## **Verse 1**

I had a dream once long ago  
You stayed on my mind  
With golden hair green eyes aglow  
You were oh so fine  
The hint of summer in the air  
The scent of wild flowers everywhere

## **Bridge**

It's too late to stop dreaming now  
So we dream on until the end  
And the end begins again somehow  
And we start over once again

## **Tag**

I had a dream once long ago  
I have that dream again
