

# **DO HEROES CRY**

1993 © 2022 Roger Lienke

## **Verse 1**

Sumer breezes full of promise  
Hints of magic fill the air  
Feel the dew of dreams upon us  
The scent of mem'ry is everywhere

## **Verse 2**

As the lights come on above the doorways  
And the moonlight falls across the grass  
I may not have this feeling always  
But I'll enjoy it while it lasts

## **Bridge**

Do you wish that we could be like this  
Forever – come what may  
Let history repeat itself  
Though Rome was not built in one day

## **Pre-Chorus**

I long for the love that will last me forever  
Don't ever take it away  
I can't do without you – I've made up my mind  
Don't ever leave me behind

## **Chorus**

Do heroes cry  
Like mortal men  
When heroes die  
Dying's the easy part  
Try living here without you  
It makes me cry  
Do heroes cry
