Verse 1

When I'm out of my element
You can't see me – you can't see me
When I'm out of my element
You can't see me – you can't see me now
Then I caught her eye
She was almost smiling
Now – and I wondered why
She was almost smiling at me - at me

Verse 2

When I'm holding my instrument
You can't hold me – you can't hold me
When I'm holding my instrument
You can't hold me – you can't hold me now
Then I kissed her lips
She was almost feeling
Now with her finger tips
She was almost feeling for me – for me

Bridge 1

Huddled in a house of ideas
Frightened as a mouse with my fears
I can't talk about the way I feel
Leaving – is she really leaving

Instrumental

Bridge 2

Huddled in a house of ideas
Frightened as a mouse with my fears
I can't talk about the way I feel
Believing – she's beyond believing

Verse 3

When I'm losing an argument
You can't find me – you can't find me
When I'm losing an argument
You can't find me – you can't find me now
Then I heard her speak
She was almost singing
Now – and my knees went weak
She was almost singing
For me
