Verse 1

The odds are against us
But someday we're gonna get even
The odds are tremendous
But someday we're gonna get even

Get even with your love – get even with your love
Get even with your love – get even with your love

Verse 2

The earth that we cherish is fading
Gonna go to pieces
But nothing will perish worth saving
'Cept bits and pieces

Let go the scarecrow – and bring him down
Let go the scarecrow – I'm freedom bound
Let go the scarecrow – and bring him down
Let go the scarecrow – I'm freedom bound

(Chorus)

Verse 3

Well you raved and you ranted and were hateful
I know how you feel
But don't take it for granted – be grateful
You know how to feel
