

# LET IT GO

2014 © 2022 Roger Lienke

## Verse 1

You take a walk – it's nice outside  
You wipe your tears away  
And listen to that voice inside  
And what it has to say  
Let it – let it go

## Bridge

I know that you're torn up inside  
It's not like it don't show  
I know your dream has up and died  
Everybody knows  
Let it go – let it go  
Let it go

## Verse 2

Soon you will be strong enough  
To push off from the shore  
When this has gone on long enough  
You won't take it anymore  
You'll let it – let it go

## Bridge 2

You came back – to pick up something left behind  
So said the note on the table – left unsigned  
Let it go – let it go – let it go

Let it go  
Let it go (whoa – whoa – whoa – whoa – whoa)  
Let it go – let it go – let it go – let it go – let it go
