

# STOVE UP

2000 © 2017 Roger Lienke

## Verse 1

Enid, Oklahoma – Duncan – Durant  
I pick up on what the other one can't  
Stove up – store it in the body  
Stove up – ain't no luddy doddy  
Ordinary life is like a puzzle to me  
Why I even bother is a mystery  
Stove up – stove up – stove up

## Verse 2

Sing for a nickel – sing for a dime  
I think I'll go out and get a bottle of wine  
Stove up – tight as a turkey  
Stove up – like a stick of beef jerky  
I know what you're thinkin' – I need new shoes  
I gotta keep drinkin' – till we lose these blues  
Stove up – stove up – stove up

## Chorus

I got tied in the middle of a railroad track  
I can hear the engine comin' clickety clack  
But your high heels are shiny as a Cadillac  
You look fit as a fiddle to me – you look fit as a fiddle to me

## Verse 3

Cheers for the hustle – cheers from the crowd  
Might as well cuss as say my prayers too loud  
Stove up – closed for the summer  
Stove up – I was an up and comer  
But it don't amount to nothin' – nothin' at all  
It don't pay fussin' 'bout the height of the wall  
Stove up – stove up – stove up

(Chorus) x2
